

Oregon, Missouri.

FRIDAY MORNING, MAR. 29, 1887.

SERVICES at the Court House, next Sabbath at 10:15 A. M.

The City Council is ordered to meet next Saturday evening.

The Peach Crop.

From many parts of the country, we have accounts of the destruction of the peach crop, and some of the farmers of this county report that it has been killed here. Others, however, state that it is but partially killed. Mr. Finkston, of this place, who has a great number of trees, informs us that he has the prospect of a large crop; that an examination of the buds demonstrates that they have received no damage from the freezing weather.

Meeting of the Presbytery of Upper Missouri.

The Presbytery of upper Missouri stands adjourned to meet in the Presbyterian church, Oregon, Mo., on Thursday, 4th day of April, at 7 o'clock, P. M.

The Rev. A. P. Foreman, of St. Joseph, will open the Presbytery with a discourse on the relation of baptized youth to the church.

The Presbytery will sit with open doors, and all are cordially invited to attend its session, especially at the hours of devotional exercises.

As the members will remain with us till Monday morning, the Sacrament of the Lord's Supper will be celebrated on Sabbath.

The City Election.

Next Tuesday is the day for holding an election for a full set of city officers. There is no excitement, so far, over the event, and we hope to be spared from witnessing such a political farce as was enacted here last year.

Many names have been mentioned in connection with the mayoralty, but there seems to be a scarcity of aspirants.

The following ticket has been blocked out and handed us with a request that it be published:

FOR MAYOR—A. J. Evans.
MARSHALL—Wm. Baskins.
ASSESSOR—Robert P. Ruley.
COUNCILMEN—John G. Cottrell, J. H. O. Curtis, Danl David, William Kaucher, Levi Zook, T. I. Kreck, Alfred Walters, Clark Irvine, N. J. Kyger, James Scott, Michael Lehmer, A. Hoblitzell.

There are more names than necessary for Councilmen, as the law fixes the number at nine. We have no objections to the ticket. It is important that a sufficient number of persons file their oaths before the election, so that a full set of officers can be elected as prescribed by the charter.

EVERY ONE HAD A DOCTOR.

Those individuals and families who generally get through the year with the least expense of medicine or doctors' bills are they who keep Dr. Henry's World's Tonic and Blood Purifier and Root and Plant Pills at hand, using them promptly on first attacks, before disease has firmly fastened itself on the system. These valuable remedies are for sale by all druggists.

PROCEEDINGS OF THE HOLT COUNTY TEACHERS' INSTITUTE.

FIRST DAY.

A number of the teachers of Holt County convened at Oregon Mo., Mar. 20th, 1887, and organized a Teachers' Institute by electing Mr. BLANCHARD, County Superintendent, President, W. R. FERRIS, Vice President, JOHN WYKOFF, Secretary, R. P. RULEY, Assistant Secretary, and Miss CARRIE F. TWIST, Treasurer.

The following names were enrolled as members:

W R Ferris, Walter Browlee,
Miss C F Twist, J S Withington,
John Wykoff, D W Thuma,
H L Allen, S J Horshberger,
Jonas Whitmer, Edmund Anibal,
P E Whitmer, Samuel Thornton,
R P Ruley, H Horshberger,
Miss E A Cary, B H Dershem,
John Wise, Miss G E V Lewis,
D P Ballard, Miss Beauchamp,
S Blanchard, David Handley,
Noah Huntsman, Wm Morris.

The exercises were opened with reading the Scriptures by Mr. Ballard and prayer by Rev. J. Wykoff.

On motion it was agreed that each member pay an admittance fee of twenty-five cents.

The first subject selected for discussion was "School Government," which drew from several teachers their views and experience and resulted in an animated discussion, and the opinions of teachers seemed to be that the object aimed at in the school room should be, like that of our nation, self-government, and that corporal punishment should be the last resort. The Institute then took up the subject of Orthography, and the best method of learning the Alphabet, and teaching reading. Several opinions were offered—Mr. Ballard believing that the word System combined with the old method of teaching the alphabet and spelling preferable.

EVENING SESSION.

Exercises were opened by prayer by Prof. Cummins. The Institute then listened to an able and interesting address on "National and State Governments," by A. M. Swan, after which Mr. Ballard spoke for a few moments in a very eloquent manner upon the cause of Education.

SECOND DAY'S SESSION.

After reading by Mr. Huntsman and prayer by Mr. Thornton, the report of the critic, Miss E. A. Cary, was presented.

An animated discussion, lasting about an hour, upon the following questions, taken from the Query Box, was participated in by several members. Ques.: "What should be the opening exercises of a school? Should parents visit schools? What punishments should be inflicted in the school room? Can a teacher decide authoritatively what textbooks shall or shall not be studied? When should pupils commence the study of mental Arithmetic? What is the best method of teaching Geography? At what age should children begin writing?"

EVENING SESSION.

Prayer by Rev. Mr. Wykoff. A committee was then appointed on resolutions consisting of the following persons: Ballard, Huntsman and Wykoff.

The President then introduced Rev. N. H. Smith, who proceeded to address the Institute in an able manner upon the "Qualifications and Responsibilities of Teachers."

THIRD DAY'S SESSION.

The day was occupied in the examination of the following persons who received certificates for one year: Messrs. Ferris, Thuma, and Browlee, and Misses. Twist, Cary, and Beauchamp.

EVENING SESSION.

Prayer by the President. Rev. G. W. Huntley was then introduced. His address upon "Institutes and their Advantages," was filled with logic, eloquence, facts and suggestions, which were calculated to command the attention of all, and carry conviction to every mind that he was alive in the cause and up with the advancements of the age.

The committee on resolutions presented the following report:

Resolved, That a new educational as well as political era has dawned, and we, as teachers, determined to keep pace with the progress of the age, believe that Teachers' Institutes should be patronized by all members of our profession.

2d. That the growth and prosperity of our nation depend no less upon the education of our youth, than upon the fostering care of our government; and that it becomes parents and teachers to see that the rising generation be pre-

pared to meet the responsibilities devolving upon citizens of a republic.

3d. That the school room is not only a place where a few sciences are to be taught, but where the great lessons of life are to be unfolded to the child—his duties to his God, his country, and his fellow man.

4th. That the physical, no less than the mental and moral culture of children, should receive the attention of teachers. In order to enable them to attend to this duty, it should be obligatory upon school officers to furnish school houses with good seats, desks, blackboards, charts, globes, and all appliances calculated to add to the comfort and advancement of children.

5th. That the County Superintendent be requested, to recommend to the State Superintendent that the school law be so amended as to compensate teachers for time spent at county institutes, and to require each county to appropriate fifty dollars per year to defray expenses of institutes.

6th. That we favor the employment of female teachers more generally in our common schools.

7th. That we recommend Willson's Readers and Spellers for adoption in our schools.

8th. That we return our thanks to the citizens of Oregon for their hospitality, and to the lecturers for their able and interesting addresses.

9th. That the HOLT COUNTY SENTINEL be requested to publish the proceedings of this Institute.

On motion of Mr. Thuma the following resolution was adopted:

That we, the members of the Holt County Institute, tender our thanks to D. P. Ballard, of Andrew county, for his hearty cooperation in the business of this Institute, and his highly interesting facts pertaining to all subjects necessary to give information and interest, and that we most sincerely unite and request his presence and cooperation in all future meetings of this Institute.

The Institute then adjourned to the first Monday of September.

STEPHEN BLANCHARD, Pres't.
JOHN WYKOFF, Sec'y.

A lady returning to her country home, after a absence of several months in the city, was recognized by her friends. In place of a pale, thin, and somewhat faded face, she had a soft, rosy complexion, of almost a marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used CHAS. J. BARK'S, and considered it an invaluable acquisition to any lady's toilet. By its use, a lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action, the outside it draws from it all its impurities, kindly healing the same, and leaving the face as Nature intended it should be, clear, soft, smooth and beautiful. Reparator Capilli.

Throw away your false frizzes, your switches, your wig—

Destructive of comfort, and not worth a fig: Come aged, come youthful, come ugly and fair, And rejoice in your own luxuriant hair.

Reparator Capilli.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the hair to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. ASTROLOGY.

The World Astonished

AT THE WONDERFUL REVELATIONS

MADE BY THE GREAT ASTROLOGIST,

MADAME H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from deleterious causes, castles in the air, loss of reason and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and mysterious future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, \$1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.
